Crimcheck.com™ Fingerprint Services

A complete solution for the greater Cleveland area. We provide the technicians and equipment to meet all of your fingerprinting needs.

BCI & FBI fingerprints available for the medical, educational nursing home industries.

Crimcheck Advantage

- **Results You Can Trust:** We search County, State and Federal courts based on a subject's residential history, plus a national criminal database search to locate serious offenses outside the jurisdictions. All for one price, no additional fees.
- **Expert Staff:** Our investigative consultants are highly qualified and have diverse backgrounds including criminal justice graduates, former law enforcement officers, and other related disciplines.
- **Fast Turnaround:** Our average turnaround time for in-depth reports is 48 to 72 hours!
- **Ordering is a Snap:** You can conveniently order 24/7 from anywhere with our on-line webportal, by fax or e-mail.

If your hiring process involves fingerprinting, Crimcheck.com provides a service that easily integrates with your other screening processes.

Advantages of Biometric Fingerprinting:

- **Faster Results** - Getting results back on ink-based prints can take up to two months. Electronic systems usually take only a few days.
- **Reduced Error Rate** - Electronic scans are accepted instantly. You do not run the risk of smudged ink prints coming back for a re-do.
- **Industry Compliant** - Meet requirements or guidelines set forth by the National Association of Securities Dealers (NASD), the Transportation Security Authority (TSA), the Federal Deposit Insurance Corp. (FDIC) and others.
- **Clean & Convenient** - no mess of ink all over your hands or clothes, you simply press your fingers to a sanitized glass plate, wait a few moments, and you are done.
- **Easy Integration Into Your Screening Process** - Streamline your screening program by combining fingerprinting, background checks, assessment testing and drug testing in one easy to use and convenient Web interface.

Crimcheck.com will provide a turn key solution to your fingerprinting and background check needs. All you need to do is set an appointment and send your employees, volunteers, or other applicants to our office to capture fingerprints and submit fingerprints to the authorities. Your organization then receives the results from Crimcheck.com within a few days.
